About me:

I am an Undergraduate COHORT 2020 student at SQU majoring in Cybersecurity. I have proficient computer and ICT skills, as well as excellent communication and leadership adroitness. I heavily enjoy photography and traveling, as well as reading books and novels and playing the piano.

I am an outgoing person, I like to socialize and spend time with friends, families and colleagues. I can work solo and with a team, I can easily adapt and respond correctly under challenging work situations and environments.
